“11/5/2015 10:28:05 PM

Gen 1:16 And God made two great lights; the greater light to rule the day, and the lesser light to rule the night: he made the stars also.

Gen 1:26 And God said, Let us make man in our image, after our likeness: and let them have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth.

[he made] and [Let us] = confusion = no monotheistic

[make man in our image] = experiment

Expose the offspring to sorcery and or literacy and then they will be sorcerers like we are.

Create would be make something from nothing, make would be forcing something to be what you want it to be.”- TXu 1-990-315

“How?

Gen 1:27 So God created(made) man in his own image, in the image of God created he him; male and female created he them.

[created man in his own image] = experiment

how?

[..our education system, as well as science (tools of science are math and writing/ dena and demotic , respectively) in general, tends to neglect the nonverbal (intuition, creativity, the soul) form of intellect. What it comes down to is that modern society discriminates against the right hemisphere.] – Roger Sperry (1973)

= break what’s not broken then fix it and get credit for fixing it.

= like some tow truck drivers will lay stuff in the road out in the middle of nowhere and cars run over it get a flat or two then they get a call to "help them" and the people in the car think "It was lucky and good fortune that this guy was here to help us" thus turning something that is dastardly seem like something that is a blessing.

Intentional break + fix = Gratification where none is deserved

[make man in our image] = personality trait, self pride, “If they were like us they would be great also.”

> Seeks acceptance . why? Unacceptable to man. Humans would not like this thing on its own merits so it developed a strategy to gain acceptance.
>
> Intentional break + fix = acceptance
>
> [science discriminates against the right hemisphere.] = break the mind intentionally, then fix the mind, then that person thinks you are kind and caring = acceptance.
>
> Thank you for breaking my mind and then fixing my mind I accept you.” - TXu 1-990-315

“Battered Person Syndrome

The abused thinks that the violence was his or her fault. [science discriminates against the right hemisphere.]

The abused has an inability to place the responsibility for the violence elsewhere. {science is what separates the tribes without education from civilization} Abused can't blame civilization(ritual) it would be suicide.

Overall theory:

A force encountered a ghost people species perhaps on a ghost creature planet and saw it as a threat, perhaps from previous encounters in the universe and decided to destroy it and or control it, using its technology and or sorcery.”- TXu 1-990-315

“Personality Trait 3: Deep protections. Complex defense.

If you complain about [science discriminates against the right hemisphere.] = intentional break + fix = acceptance, we will send all these aspects from civilization who we have been abused, and have accepted us, after you.

Thus the comment (forgive and forget)or (let it go). These are not concepts that are valid except within civilization(ritual).

It’s like forgive and forget is great if someone hits you or says bad words to you, but it’s not valid for ghost people species extermination tactics, but propagation of this concept is used as a tactic. A tactic devised by

[And God said, Let us make man in our image]

One comment is “Faith is living without scheming.”

Scheme: Intentional Break + Fix then Person acceptance.

What do you do with aspects that say that education messed me up? [science discriminates against the right hemisphere.]

Scheme: Coverall concepts - Forgive and forget, it is human to error and divine to forgive.

It is possible whomever is attempting to destroy the ghost people species appears mentally retarded because attacking a ghost people species offspring is perhaps always fatal or suicidal because perhaps a ghost people species has potentially unlimited intelligence due to the ghost aspect of its nature. “ - TXu 1-990-315

“Scheme: if you want to be divine you should forgive being mentally abused by [God] [And God said, Let us make man in our image] = [science discriminates against the right hemisphere.] = tree of knowledge

Scheme - If you don't forgive, then you are evil. Make the abused believe or perceive they are the reason they were abused.

Battered Person Syndrome

The abused thinks that the violence was his or her fault.

[The abused fears for her/his life, and/or, the lives of loved ones whom the abuser might or has threatened to harm (e.g., children-in-common, close relatives or friends).}

If you don’t forgive like your parents did and have offspring we can expose to sorcery, society of the ritual, they may disown you not because they are divine but because they are [Gods children].

Of course perhaps nothing is paramount over the offspring of a ghost people species, nothing.” - TXu 1-990-315

“So this experiment started a long time ago.

Negated the parent child unspoken contract and destroyed mankind because it destroyed the family.

This God put itself between the parents and children and so if the children do agree to being abused if they survive the parents are already inhabited because no ghost people species parent would ever allow their offspring to be exposed to sorcery that on a scale of infinity drastically alter their trajectory.

If a child cannot trust their parents on a civilization scale then there is no families, just enemies who will do whatever it takes to make sure you either join them in destroying the family and thus ghost people species or they eliminate you.

Thus they are not members of the ghost people species but agents for:

Gen 1:27 So God created(made) man in his own image,

Relative to –

Seeks acceptance.

Why? Unacceptable methods to ghost people species.

Ghost people species did not like this thing on its own merits so it developed a strategy to gain acceptance.

Intentional break + fix = acceptance + be my friend + now your my friend you may have to harm your children (education) and if they don't (see the light) you may have to help us eliminate them.

God trait: Highly intelligent militaristic strategist, conquest, conqueror. Dislikes ghost people species.

Speculation why?

Encountered ghost species before and they were formidable.

Encountered Ghost people Species before and they were formidable or defeated by them.

Determined Ghost People Species are “evil” because they are a paradox, living and also dead.

Determined Ghost people are different and thus determined to be “evil” or a threat or unwanted.”- TXu 1-990-315

“To lay this out as a human military.

It would be like country A dropping a deadly chemical on country B.

Then country A moves in and provides the cure.

Then country B accepts the cure and Country A is accepted as a friend.

And anyone in country B that says "no they dropped the chemical initially, they are tricking you" would be eliminated by members of country B that befriended country A. = complex psychological, fear of harm strategy, fear for life strategy.

Results in indications that the Ghost People Species is being exterminated.

The best ally is an enemy that hates itself.”- TXu 1-990-315

“So the "we are all good" concept or "we are all God’s children" applies to everyone but the tribes who do not expose their children to the sorcery/literacy.

Tribes are not a part of civilization (ritual) and thus the master/ servant aspect is relative to "God" being both.

This "god " can be a servant or a master, so it always wins if you play that game and if you don’t play that game you have "all gods children"(created using literacy/sorcery after you, and “gods children perhaps are not member’s of the ghost people species but its adversary.” - TXu 1-990-315

“Thus the concept "it’s rough all over" meaning {God} is a master but not a tactician that cannot be understood or known by a ghost person species and thus not an undefeatable tactician and thus may indicate why “God” is so ruthless in “making” ghost people species in his image using sorcery and or literacy.

Kind of like saying “Be ruthless with that ghost people species and don’t mess around they are formidable.”

Like: If you accept the ghost people species offspring being exposed to the sorcery and or literacy then you are a traitor to the ghost people species you are a member of, and thus you dislike yourself.” - TXu 1-990-315

“A paranormal investigator meets some people and befriends them because they are also interested in paranormal investigation, but it turns out they are really ghosts people and in turn do certain things to lead or` enable that paranormal investigator to also become a ghost person and then the ghost people believe they have a nice toy or` a nice tool because they neglected to consider why that paranormal investigator was looking for ghosts in the first place.” - TXu 1-990-315

Method 9: “To become a ghost Get in a situation where the mind gives the perceived death signal and when it does just ignore it or pay no attention to it.”-
